

FRUIT TREES

2021

STONE FRUIT

Apricots

- Garden Annie - Bright yellow skin, firm juicy flesh. Mid-season. Semi dwarf 2-3m. Self-fertile.
- Hawera - A heavy cropping variety from a seedling grown in Hawera. Well suited to many parts of the country.
- Katy Cot - A large, all purpose flavourful freestone Apricot. Early harvest.
- Moorpark - Medium to large size fruit, soft and juicy with superb flavour. Good for fresh, bottling or drying. Mid-season.
- Sundrop - Excellent cropper with sweet and juicy yellow fruit with firm flesh over a long season. Partially self fertile. Suitable for many regions.
- Tomcot - Large fruit with intense flavour. Freestone. Compact tree. Self-fertile.

Nectarines

- Fillery - A sweet nectarine with golden 'freestone' flesh. The skin is mostly bright red over green.
- Goldmine - Medium size, white flesh, red skin, sweet and juicy. Freestone. Mid-season. An old favourite, productive tree with good vigour.
- Kay Pearl - A deliciously sweet, early ripening red nectarine with white flesh. Good sized fruit on a productive tree.
- Mabel - Burgundy-purple foliage. Stunning pink blossom. Leaf curl resistant. 3.5m. Self-fertile.
- Red Gold - Large fruit, sweet flavour. Deep red skin with gold blush and yellow flesh that separates easily from stone. Dessert and bottling. Late season.
- Snow Queen - White flesh, red skin, sweet and aromatic.
- Spring Red - First large nectarine of the season. Beautiful red clear skin. Semi-clingstone.
- Tasty Gold - Large freestone fruit with a mainly red skin. The yellow flesh has an excellent texture and taste. The fruit will hold well on the tree after ripening for up to 14 days. Heavy regular cropper.

Nectarine Dwarf

- Flavour Zee - Delicious yellow fruit. Self-fertile.
- Garden Delight - Large, juicy, freestone fruit with red skin and yellow flesh.
- Nectar Babe - Sweet yellow, juicy, freestone. Deep pink blossom.

Peaches

- Black Boy - Sweet port wine flesh and skin.
- Golden Queen - Golden skin and flesh. Good quality and flavour. Clingstone.
- Paragon - Yellow skin blushed with red. Yellow flesh. Clingstone. Dessert and bottling. Medium to large fruit. Mid-season.
- Peacherine - A cross between peach and nectarine. Healey's is a smooth skinned golden variety with a red flush and juicy flesh ripening in January
- Wiggins - Red blush over green skin. White melting flesh. Excellent flavour. Early Jan.

Dwarf

- Bonanza - Freestone, white with red blush.
- Garden Lady - Large yellow skinned fruit with sweet, juicy yellow flesh marked red. Freestone. Partially self-fertile.
- Honey Babe - Medium to large fruit, with orange sweet juicy flesh and tangy flavour. Fruits best near other peaches. Will often be evergreen throughout winter, which had no negative effects on its fruit production.
- Pixzee - Full sized, yellow flesh, excellent producer.
- Sweet Perfection - An exciting new disease-resistant peach selection discovered in North Otago. A tasty freestone peach with dark skin and yellow flesh. Particularly sweet and juicy.

Plums

- Billington Early - Dark red skin and flesh. Good flavour. Early season. Pollinator – Black Doris
- Black Doris - Excellent all-purpose plum. Purple-black skin. Dark red, sweet, juicy flesh.
- Damson - Small round blue/black plum. Amber green flesh. Prolific bearer, adored for jams, gin & jelly. Self-fertile. Ripe Feb.
- Elephant Heart - Late season. A large, dark reddish purple conical fruit with purple-red sweet, juicy flesh of very good to excellent flavour. It is a freestone, and useful for fresh eating and canning/bottling. Upright, vigorous.
- Luisa - Large yellow skinned, yellow fleshed plum. Its amazingly sweet and juicy and a heavy cropper. Self fertile although “Billington” can improve fruit set. Ripens Jan/Feb. A real winner!
- Omega - Popular with a host of uses. Medium sized, red speckled skin and juicy red flesh. Freestone, Late season. Partially self-fertile.

Plumcot

- Scarlet Surprise - An early ripening variety with red-purple skin and yellow flesh. A cross of an apricot and plum, very sweet. Self fertile.

Coes Golden Drop/Greengage

PIP FRUIT

Apples

- Braeburn - Delicious, crisp, juicy, superb sweet-tart flavour. Excellent keeper. Late season. Semi dwarf.
- Bramley's Seedling - Firm juicy. Good cooker. Keeps well. Semi dwarf
- Cox's Orange - The medium sized deep yellow, striped red apple is regarded as the finest English style apple there is. Juicy, tender, yellow flesh.
- Golden Delicious - Honey flavour, very sweet. Great taste texture, and aroma. Heavy and regular cropper. Self-fertile, late season.
- Granny Smith - Large green fruit with a tart, well balanced flavour and crisp, juicy white flesh. Crops late. Keeps well. Semi dwarf
- Hetlina - Crisp, firm and red. Recognised health giving properties. Semi dwarf. Heritage.
- Lady in Red - Pink-red skin with pure white flesh. One of the world's most popular varieties. Flavour is well balanced between tartness and sweetness, with a crisp texture and lovely aroma.
- Monty's Surprise - Famous NZ apple with crisp flesh. Good for both eating and cooking. Has exceptional high levels of beneficial health-promoting substances.
- Peasgood Nonsuch - Very large, juicy apple. Semi dwarf. Cooks to a sweet delicately flavoured puree. Good disease resistance. Mid-season. Heritage
- Royal Gala - Reddish green fruit are crisp and sweet. Heavy cropping, but smallish fruit, ideal for children. Late February.
- Splendour - Large pinky red apple with crisp, crunchy white flesh. Sweet with good flavour. Stores well. Tree crops heavily and late.
- Sturmer - Late variety suitable for dessert and cooking. Juicy, easy to grow and keeps well. Small spurred tree, medium vigour.
- Telstar - Crisp melting flesh with very rich, deep flavour. Small to medium fruit with flattened shape. Mid-season, heavy cropper, smaller tree.

Doubles

- Hetlina/Montys Surprise
- Royal Gala/Braeburn
- Royal Gala/Granny Smith

Apples

Ballerinas

All varieties have a columnar habit. Fully grown 4 metres, 30cm across. Abundant crops of full sized full flavoured fruit. Can be grown anywhere – borders, lawns, containers, lining paths, against fences)

- Polka - Medium sized round fruit with green skin, with a red blush. Flesh is crisp, juicy, very good flavour. Matures mid season.
- Bolera - Shiny green eating apples with a golden blush. Mid season.
- Waltz - Medium to large round conical fruit with solid red skin. Crisp and juicy with a slight tang.

Cherries

- Compact Stella - Large dark red cherries. Ripens Christmas. Self fertile
- Crumpy - Naturally dwarf tree with an attractive weeping habit. Heavy crops of bright red cherries. Sharp taste. Good for cooking and juicy. Self fertile.
- Prunus Lapins - Self fertile, award winning Lapins semi dwarf, heavy crop of large dark, sweet cherries. Lapins do not require a pollinator, but is a good pollinator for almost any other variety.

Pears

- Beurre Bosc - Semi dwarf. Superb eating. Large brown fruit, sweet and juicy.
- Belle du Jumeat - Extremely juicy and deliciously sweet heritage pear ripens in late January. Sugar pear-pale gold/green skin is often flushed red. Fruit shape is similar to Bosc. Good regular cropper. Fruit ripens on the tree so controlling and measuring maturity is important for picking times.
- Beurre Hardy - An award winning eating pear
- Conference - Semi dwarf. Green skin with some russeting. Sweet and juicy. Regular heavy cropper. Self-fertile. Feb.
- Doyenne de Comice - Large classic gourmet pear. Green skin flushed red with white, melting juicy flesh of rich flavour. Tastes like sweetened cinnamon. Mid to late season. Upright & vigorous habit.
- Packhams Triumph - Semi dwarf. Distinctive medium to large totally light yellow-green fruit. Feb/Mar season.
- Red Bartlett - Bright-red skin when fully ripe. Very aromatic pear with melty flesh and good flavour. Ripens mid to late summer.

Double

Williams' Bon Chretien/Winter Cole

Almond

- Garden Prince - Highly ornamental and very productive. Beautiful pink spring blossom develops into medium sized sweet nuts.
- Monovale - Hard-shell nuts with good flavour, A heavy cropper and good pollinator. Disease hardy variety.

Quince

Smyrna, Taihape
