

FRUIT TREES 2022

STONE FRUIT

Apricots

S/F = Self Fertile

- Garden Annie - Bright yellow skin, firm juicy flesh. Mid-season. Semi dwarf 2-3m. S/F
- Moorpark - Medium to large size fruit, soft and juicy with superb flavour. Good for fresh, bottling or drying. Mid-season. S/F
- Tomcot - Large fruit with intense flavour. Freestone. Compact tree. S/F.

Nectarines

All Nectarines are Self Fertile

- Goldmine - Medium size, white flesh, red skin, sweet and juicy. Freestone. Mid-season. An old favourite, productive tree with good vigour.
- Mabel - Burgundy-purple foliage. Stunning pink blossom. Leaf curl resistant. 3.5m. Self-fertile.
- Red Gold - Large fruit, sweet flavour. Deep red skin with gold blush and yellow flesh that separates easily from stone. Dessert and bottling. Late season.
- Tasty Gold - Large freestone fruit with a mainly red skin. The yellow flesh has an excellent texture and taste. The fruit will hold well on the tree after ripening for up to 14 days. Heavy regular cropper.

Nectarine Dwarf

- Flavour Zee - Delicious yellow fruit. Self-fertile.
- Garden Delight - Large, juicy, freestone fruit with red skin and yellow flesh.
- Nectar Babe - Sweet yellow, juicy, freestone. Deep pink blossom.

Peaches

All Peaches are Self Fertile

- Black Boy Sweet port wine flesh and skin.
- Golden Queen Golden skin and flesh. Good quality and flavour. Clingstone.
- Peacherine A cross between peach and nectarine. Healey's is a smooth skinned golden variety with a red flush and juicy flesh ripening in January
- Peachcot Peach apricot cross. Golden. Late season. Fruit sweet and tasty.

Dwarf

- Bonanza Freestone, white with red blush.
- Garden Lady Large yellow skinned fruit with sweet, juicy yellow flesh marked red. Freestone. Partially self-fertile.
- Honey Babe Medium to large fruit, with orange sweet juicy flesh and tangy flavour. Fruits best near other peaches. Will often be evergreen throughout winter, which had no negative effects on its fruit production.
- Pixzee Full sized, yellow flesh, excellent producer.

Plums

- Billington Early Dark red skin and flesh. Good flavour. Early season. Pollinator for Black Doris. S/F
- Black Doris Excellent all-purpose plum. Purple-black skin. Dark red, sweet, juicy flesh.
- Coes Golden Drop Small oval fruit, yellow skin
- Elephant Heart Late season. A large, dark reddish purple conical fruit with purple-red sweet, juicy flesh of very good to excellent flavour. It is a freestone, and useful for fresh eating and canning/bottling. Upright, vigorous.
- Hawera Highly recommended. Large plum with dark red skin and flesh. Sweet, juicy and firm. Freestone. Mid-season.
- Luisa Large yellow skinned, yellow fleshed plum. Its amazingly sweet and juicy and a heavy cropper. Self fertile although "Billington" can improve fruit set. Ripens Jan/Feb. A real winner!
- Santa Rosa Excellent flavour. Early to mid-seasoned with yellow, tinged pink, juicy, tangy flesh.

PIP FRUIT

Apples

- Belle du Boskoop - Large, orange-red, russeted heritage apple. It is very popular in Europe as a cooking and fresh eating apple. Apple is firm and crisp, with a full, tart flavour. It is very aromatic and gets sweeter in storage. Stores for 3-4 months or more. Forms an open, wide-spreading and weeping tree. Spur bearing, crops mid to late season.
- Braeburn - Delicious, crisp, juicy, superb sweet-tart flavour. Excellent keeper. Late season. Semi dwarf.
- Bramley's Seedling - Firm juicy. Good cooker. Keeps well. Semi dwarf.
- Lady in Red - Pink-red skin with pure white flesh. One of the world's most popular varieties. Flavour is well balanced between tartness and sweetness, with a crisp texture and lovely aroma.
- Monty's Surprise - Famous NZ apple with crisp flesh. Good for both eating and cooking. Has exceptional high levels of beneficial health-promoting substances.
- Pacific Rose - A NZ variety that has clear rose-pink skin. It is firm, crisp and juicy sweet flavour. Gala & Splendour cross. Mid-season. Semi dwarf.
- Peasgood Nonsuch - Very large, juicy apple. Semi dwarf. Cooks to a sweet delicately flavoured puree. Good disease resistance. Mid-season. Heritage.
- Roys Pearl - Pinky red blushed skin with pale yellowish flesh that is crisp and juicy with a rich pear-drop flavour. These delicious apples begin to ripen midseason and can be harvest from February to March.
- Splendour - Large pinky red apple with crisp, crunchy white flesh. Sweet with good flavour. Stores well. Tree crops heavily and late.

Apples

Doubles
