

FRUIT TREES 2022

STONE FRUIT

Apricots

S/F = Self Fertile

- Garden Annie - Bright yellow skin, firm juicy flesh. Mid-season. Semi dwarf 2-3m. S/F
- Moorpark - Medium to large size fruit, soft and juicy with superb flavour. Good for fresh, bottling or drying. Mid-season. S/F
- Tomcot - Large fruit with intense flavour. Freestone. Compact tree. S/F.

Nectarines

All Nectarines are Self Fertile

- Goldmine - Medium size, white flesh, red skin, sweet and juicy. Freestone. Mid-season. An old favourite, productive tree with good vigour.
- Mabel - Burgundy-purple foliage. Stunning pink blossom. Leaf curl resistant. 3.5m. Self-fertile.
- Red Gold - Large fruit, sweet flavour. Deep red skin with gold blush and yellow flesh that separates easily from stone. Dessert and bottling. Late season.
- Tasty Gold - Large freestone fruit with a mainly red skin. The yellow flesh has an excellent texture and taste. The fruit will hold well on the tree after ripening for up to 14 days. Heavy regular cropper.

Nectarine Dwarf

- Flavour Zee - Delicious yellow fruit. Self-fertile.
- Garden Delight - Large, juicy, freestone fruit with red skin and yellow flesh.
- Nectar Babe - Sweet yellow, juicy, freestone. Deep pink blossom.

Peaches

All Peaches are Self Fertile

- Black Boy Sweet port wine flesh and skin.
- Golden Queen Golden skin and flesh. Good quality and flavour. Clingstone.
- Peacherine A cross between peach and nectarine. Healey's is a smooth skinned golden variety with a red flush and juicy flesh ripening in January
- Peachcot Peach apricot cross. Golden. Late season. Fruit sweet and tasty.

Dwarf

- Bonanza Freestone, white with red blush.
- Garden Lady Large yellow skinned fruit with sweet, juicy yellow flesh marked red. Freestone. Partially self-fertile.
- Honey Babe Medium to large fruit, with orange sweet juicy flesh and tangy flavour. Fruits best near other peaches. Will often be evergreen throughout winter, which had no negative effects on its fruit production.
- Pixzee Full sized, yellow flesh, excellent producer.

Plums

- Billington Early Dark red skin and flesh. Good flavour. Early season. Pollinator for Black Doris. S/F
- Black Doris Excellent all-purpose plum. Purple-black skin. Dark red, sweet, juicy flesh.
- Coes Golden Drop Small oval fruit, yellow skin
- Greengage Green skin, yellow flesh, ripens in February.
- Luisa Large yellow skinned, yellow fleshed plum. Its amazingly sweet and juicy and a heavy cropper. Self fertile although "Billington" can improve fruit set. Ripens Jan/Feb. A real winner!
- Santa Rosa Excellent flavour. Early to mid-seasoned with yellow, tinged pink, juicy, tangy flesh.

PIP FRUIT

Apples

- | | | |
|-----------------------|---|---|
| Braeburn | - | Delicious, crisp, juicy, superb sweet-tart flavour. Excellent keeper. Late season. Semi dwarf. |
| Bramley's
Seedling | - | Firm juicy. Good cooker. Keeps well. Semi dwarf. |
| Cox's Orange | - | The medium sized deep yellow, striped red apple is regarded as the finest English style apple there is. Juicy, tender, yellow flesh. |
| Lady in Red | - | Pink-red skin with pure white flesh. One of the world's most popular varieties. Flavour is well balanced between tartness and sweetness, with a crisp texture and lovely aroma. |
| Monty's Surprise | - | Famous NZ apple with crisp flesh. Good for both eating and cooking. Has exceptional high levels of beneficial health-promoting substances. |
| Peasgood
Nonsuch | - | Very large, juicy apple. Semi dwarf. Cooks to a sweet delicately flavoured puree. Good disease resistance. Mid-season. Heritage. |
| Splendour | - | Large pinky red apple with crisp, crunchy white flesh. Sweet with good flavour. Stores well. Tree crops heavily and late. |

Apples

Doubles

Hetlina/Montys Surprise
Royal Gala/Braeburn
Royal Gala/Granny Smith

Ballerinas

- | | | |
|----------|---|---|
| Bolero | - | Ballerina – green eating, golden blush. |
| Flamenco | - | Ballerina – late dessert apple, crisp. |
| Polka | - | Ballerina – medium sized fruit, crisp and juicy. Good flavour. |
| Waltz | - | Ballerina – large round conical red skin, crisp juicy, slight tang. |

Cherries

- Compact Stella - Large dark red cherries. Ripens Christmas. Self fertile.
- Lapins - Self fertile, award winning Lapins semi dwarf, heavy crop of large dark, sweet cherries. Lapins do not require a pollinator, but is a good pollinator for almost any other variety. Self fertile.
- Dawson - Super eating black medium fruit size, firm red flesh. Ripens just after Christmas. Pollinator Compact Stella & Lapins.

Pears

- Packhams Triumph - Semi dwarf. Distinctive medium to large totally light yellow-green fruit. Feb/Mar season.
- Double
Packhams Triumph/
Winter Nelis - Very good late eating pear. Buttery rich flavoured flesh. A good pollinator.

Almond

- Garden Prince - Highly ornamental and very productive. Beautiful pink spring blossom develops into medium sized sweet nuts.
- Monovale - Hard-shell nuts with good flavour, A heavy cropper and good pollinator. Disease hardy variety.
- All in One - Heavy crops of soft-shell nuts with sweet, flavourful kernels.

Quince

- Smyrna - A prolific bearer with a very large lemon-yellow fruit with a distinctive aroma and good keeping qualities.
